## NOVEMBER 2018 NEWSLETTER

---

### MEET TAMIA- Cal State Los Angeles- Sociology/Computer Information Systems

Tamia is a recent STEM Advantage Scholar, who just joined our program in 2018. She is a Sociology major, who has a minor in Computer Information Systems as she wants to link data analysis to her sociology students in order to have a better understanding of societal issues.

Tamia is involved on campus with student government, NSBE-the National Society of Black Engineers, serving as Senator and Program Chair, and serving as a Research Assistant using SPSS for the Sociology Department.

We are excited to have Tamia in our newest cohort and look forward to all of the wonderful things she will accomplish as a STEM Advantage Scholar. Welcome, Tamia!

### MEET PILAR- Cal State Northridge- Journalism/Computer Science

Pilar is also a new STEM Advantage Scholar, joining us in 2018! She is also combining Journalism with Computer Science, in order to have a more technical side to her journalism. She is proficient in SQL, CSS, Java, and HTML, something one does not usually see in a journalist!

When not in class, you can find Pilar at the Layer 8 Cyber-Security club meetings, or at the Tom and Ethel Brady Center working with online collections.

We are excited to welcome Pilar to STEM Advantage!

## #GivingTuesday and Paying It Forward to STEM Advantage

Karina, Edith, Rubi invite you to **Pay it Forward** by giving to STEM Advantage!

It is not too late to give! While #Giving Tuesday was held on Tuesday, November 27 2018, if you missed it, you still have time to give! We are accepting donations through the end of the year by using this link:

[GIVE TODAY](#)

Every dollar you give goes directly to a scholar like Karina, Edith, Rubi, Tamia, and Pilar, to support scholarships so they can graduate on time and with less student debt.

Listen to some of our current scholars and supporters as they share why "Paying It Forward" is important [VIDEO](#)
