"Paying it Forward" through Internships: Lenard S. and Internet Brands 2018

STEM Advantage has, from its inception, asked its scholars to "pay it forward." Now that we are six years strong, our scholars have the opportunity to give back to the organization by facilitating internship opportunities.

This past summer (2018), Lenard S., one of our alumni scholars from California State University, Dominguez Hills, was able to facilitate internships at his employer, Internet Brands! Karina, Aschelle, and Ricky had the amazing opportunity to work at Internet Brands as interns.

We are excited to see our first cohorts of scholars now able to support STEM Advantage by serving as mentors or facilitating internships! A very big thank you goes out to Lenard for his continued support of our organization!

"Pay It Forward" through Mentorship

We are looking for a few good men and women to serve as mentors for our STEM Advantage scholars. Each year, we take a new cohort of students into our program that need your expertise and experience!

"Pay It Forward" by serving as a mentor today...contact Lee Ann Kline at leeann@stemadvantage.org or complete our Mentoring registration [here](#):
