Oh The Places They'll Go! Celebrating Our New Graduates...

Alexi earned a bachelor's degree in Chemical Engineering at Cal State Long Beach.

"I'm extremely excited to announce that I will be a Purdue PREP Scholar starting in early June conducting biomedical engineering research. I want to say thank you to STEM Advantage for supporting me throughout the last few years of my undergraduate journey through workshops and helping me find a solid community! I wouldn't have graduated and made it to the next step without them."

Manny earned a bachelor's degree in Civil Engineering at Cal State LA. Manny is working for Project Rebound at Cal State LA as Outreach Coordinator while he studies and prepares for the Field Engineering (FE) exam. Then, he will join the City of Los Angeles, Bureau of Engineering, as a Civil Engineer Associate.

"It has been a long, difficult road, but I am grateful for STEM Advantage and the support I received from all of you."

Ayoub is earning a bachelor's degree in Computer Science at San Diego State. He will graduate in August. Ayoub has an internship with Accenture as a Business Analyst while he completes his final two classes.

"Graduation is not the end; it is the beginning."
