STEM ADVANTAGE

ADVANCING EQUITY THROUGH EDUCATION

July 2022 Newsletter

Summer Internships

Paid internships help students gain real-world experience. While many internships are remote, here are a few photos from STEM Advantage Scholars' summer internships. Jordan is a Software Engineer Intern at Walt Disney Animation Studios, Jesus is a Software Development Engineer Intern at Amazon, and Dilisha is a Manufacturing Intern at Spirent Communications.

If your company is hiring Summer 2023 interns and entry-level STEM talent, we can provide a vetted pipeline of diverse talent. Please contact Lee Ann at leeann@stemadvantage.org

First Generation Professionals: Alumni program

If you're reading this newsletter, then you know STEM Advantage Scholars & Alumni are the best ambassadors for our program. When Scholars graduate, they continue to be part of our community and we support them with a network of corporate leaders and career development to help them advance in their careers and build wealth.

We just wrapped up our First-Generation Professionals Alumni Pilot Program and received great feedback to continue the program. A special thank you to Bernice Maldonado, First Generation Talent Advocate, and Tania Velazquez, our Program Manager for Mentorships & Talent Development, for developing this program with input from alumni. Thank you to guest speakers and panelists - Kevin Gray, Melanie Hildebrandt, and Ferny Obeso, and of course our remarkable alumni.

To learn more about this program, contact Tania at tania@stemadvantage.org

Invest in Diverse STEM Talent

Talent is equally distributed, but opportunity is not. STEM Advantage mentors, prepares, and inspires women and underserved communities to pursue STEM careers. We provide economic and social mobility to underserved groups, while providing a vetted pipeline of diverse talent to businesses to fill their workforce needs. In 2021, Los Angeles Business Journal honored STEM Advantage as Diversity, Inclusion + Equity Nonprofit of the Year!

100% of your tax-deductible gift supports STEM Advantage Scholars Thank you for making an investment that is changing lives.
